

01 / DJ SETUP

2 x Pioneer DJ CDJ-3000 (3rd unit recommended as backup)

1 x Pioneer DJ DJM-V10, DJM-900NXS2 or DJM-A9

Other mixer models are welcome by prior agreement; please advise KUTH of the model in advance.

Players linked via PRO DJ LINK. All equipment must be tested and ready to use, with audio, network and power cables supplied by the promoter.

02 / MONITORING & BOOTH

Two booth monitors, positioned left and right at an appropriate listening height, with independent level control from the mixer.

A stable, level booth with sufficient setup space, practical equipment lighting, safely supplied power and drinking water.

03 / EQUIPMENT ALTERNATIVES

If any requested equipment is unavailable, please contact KUTH in advance to agree on a suitable alternative. Equipment substitutions and technical arrangements are negotiable by prior agreement.

04 / PLEASE CONFIRM BEFORE THE EVENT

1. What sound system will be used (main PA and booth monitors)?
2. Which CDJ and mixer models will be provided?
3. Who is the on-site technical contact, and how can they be reached on arrival?
4. Is there a soundcheck slot before doors open? If not, when can a quick line check be arranged?

TECHNICAL ADVANCE / CONTACT

contact@kuthmusic.com

Please confirm the setup and check time with KUTH before the event.
